GARRISON MSS.

Dear Sir

I am troubling you with many letters, but hope you will excuse by taking charge of them; you have I hope received two letters from me; — they did not require any reply & I trust had safely you have been — We shall all be anxious to hear of your safe arrival among your large family in the U.S. — Your visit here will have done great good, & not less on acct of the conduct of the Ex. Slaves It is better for people to shew themselves in their true colours. —

We shall read your Liberator letters with great interest. —

The blessings of our Heavenly Father be on your labours; may he direct to the choice of wise means to promote the great end, & sanctify the hearts of those engaged in his holy cause. —

Yours sincere friend,

Mary Carpenter —
